OFFICE POLICIES INFORMATION SHEET

Welcome to the psychology offices of Christy M. Stammen, Ph.D. This office offers a variety of individual, marital/relationship, and family psychotherapies for adults as well as for children and teens. In response to frequently asked questions and to insure your understanding of our office policies, we ask that you read the following information and sign your name to indicate your understanding. Should you have any questions, please feel free to ask your doctor.

- 1. Therapy sessions begin by appointment and are 45-50 minutes in length. The time and length of evaluation sessions are arranged on an individual basis.
- 2. The fee for the initial therapy session is \$175.00. Subsequent therapy sessions are \$150. Evaluation fees are determined on an individual basis. Special fee schedules apply if you are part of a PPO or other managed health care group.
- 3. Full payment for each session is requested at the time services are rendered unless prior arrangements have been made. Prepayments are accepted. A \$35 fee will be charged for any returned checks.
- 4. Your session time is reserved for you. If you are unable to be there for your appointment, you are asked to notify our office at least 24 hours in advance so that someone else may utilize this time (you may notify us by email or phone). In the absence of your notification, you will be billed for the missed session. Insurance is not responsible for this bill, so you will be billed for the full fee amount. Further, if you miss a session and do not call to reschedule, we will assume that you have terminated therapy.
- 5. If you are filing your own insurance and would like a receipt for payment, please let us know. We can also provide end of year statements.
- 6. No outstanding fees of over \$290 for which arrangements for payment have not been made will be allowed. You are responsible for payment. If your financial status prohibits further treatment with us, we will be happy to refer you to alternate agencies.
- 7. All delinquent accounts for which full payment has not been received (nor alternate arrangements for payments have been made) may be turned over to a collection agency. Persons who fall into this category will be responsible to pay all costs incurred in the collection process.
- 8. The benefits obtained from psychological services are dependent on many factors, and no guarantees regarding the effectiveness or outcome of these services are offered. The therapeutic process involves both the commitments of you as the patient and your doctor.
- 9. Psychological services are confidential in most circumstances. Please be aware, however, that you or your family records are NOT confidential in the following circumstances: child custody disputes, civil law suits where psychological functioning is part of the claim, criminal lawsuits where records are subpoenaed, situations where child or elderly safety is of concern, or an impending act is planned by you or a family member that could cause harm to persons known or unknown. If insurance is paying some of all of your bill, be aware that your diagnosis, dates of service, and other information will be provided to the insurance company to secure payment if you authorize us to do so. Please ask your doctor any questions you might have about this information.
- 10. All patients give consent for the psychologists and staff in this office to consult with each other as needed to provide the best possible services. In an emergency, the psychologists and staff in this office have permission to contact you as needed.

I have read, understand, and agree to abide by the a	above Office Policies Information Sheet. I have received a copy of the

Please notify Dr. Stammen immediately if you decide to avoid or limit in any way the use of e-mail. Please do NOT use e-mail for emergencies.

It is important that you understand that Dr. Stammen does not provide professional advice through e-mail. If you choose to send personal information via e-mail that you feel relates to your therapy or that you think is important for Dr. Stammen to know, it will be discussed in your next therapy session, not through e-mail.

INFORMED CONSENT FOR TELEPSYCHOLOGICAL SERVICES

Prior to starting telepsychological services, we discussed and agreed to the following:

- There are potential benefits and risks of phone and/or video-conferencing (e.g. limits to patient confidentiality) that differ from in-person sessions.
- Confidentiality still applies for telepsychology services, and nobody will record the session without the permission from the others person(s).
- We agree to use the video-conferencing platform selected for our virtual sessions, and the psychologist will explain how to use it.
- You need to use a webcam or smartphone during the session.
- It is important to be in a quiet, private space that is free of distractions (including cell phone or other devices) during the session.
- It is important to use a secure internet connection rather than public/free Wi-Fi.
- It is important to be on time. If you need to cancel or change your tele-appointment, you must notify the psychologist in advance by phone or email.
- We need a back-up plan (e.g., phone number where you can be reached) to restart the session or to reschedule it, in the event of technical problems.
- We need a safety plan that includes at least one emergency contact and the closest ER to your location, in the event of a crisis situation.
- If you are not an adult, we need the permission of your parent or legal guardian (and their contact information) for you to participate in telepsychology sessions.
- You should confirm with your insurance company that the phone and/or video sessions will be reimbursed; if they are not reimbursed, you are responsible for full payment.
- As your psychologist, I may determine that due to certain circumstances, telepsychology is no longer appropriate and that we should resume our sessions in-person.
